PREFACE

This document lists the publications and technical reports which have been prepared through the Acidic Precipitation in Ontario Study (APIOS) since the program's inception in 1979. For technical information pertaining to the APIOS program projects, Annual Program and Project Summary: 1990-91 reports have been prepared under separate cover. General information on acid rain is available upon request from the Ministry of the Environment's Public Information Centre (416-323-4321).
